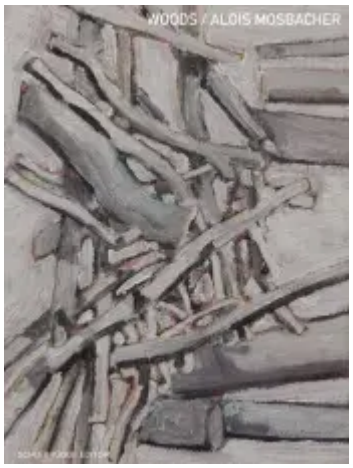
Alois Mosbacher
Woods

German/English, 120 pages, 20 × 27 cm, numerous illustrations in b/w, softcover
Publication date: May 2021



“Self-constructed cabins, hidden places of refuge, improvised camps. The woods—of philosopher Henry David Thoreau, Unabomber Ted Kaczynski, North Pond hermit Christopher T. Knight. My paintings create a projection surface for various concepts of life and utopias that can only take form in the woods. WOODS reflects on my long-lasting fascination with the woods. I drew this book between January and March 2021.” – Alois Mosbacher
