Roland Kollnitz
kleiner Trommelwirbel | small drum roll

Edited by Rainer Fuchs, Museum Moderner Kunst Stiftung Ludwig Wien

German/English, 64 pages, 12 × 18.5 cm, numerous illustrations in color, softcover
Texts by Rainer Fuchs, Roland Kollnitz
Graphic design: Dorothea Brunialti
Publication date: 2009

The central motif in Roland Kollnitz's installation is an aluminum chain hanging above Heimo Zobernig's White Cube in the entrance hall of the *mumok* The chain dangles down into the depths of the space, finally ending, appearing to be torn off at its end, in a pile on the bottom floor. On its way down, the chain goes past a sculpture made out of florescent lights and continues on following the architectural setting of the building.
